Vol. XV, No. 1

Watertown, Wisconsin

October 4, 1957

Music Department Resumes Activity

W.H.S. music makers face another big year in band, orchestra, and chorus.

The senior band of 95 students will, as in the past, perform between halves of the home football games. As an additional performance, the band may travel to the Watertown vs. Salem Central game and present a half-time show there. March 17, the mixed chorus and senior band will combine to present a concert. This year Beaver Dam has invited the senior band and bands from other near-by towns to participate in a mass organization at Beaver Dam. Each town will be represented by 15 outstanding musical members. Merle Evans, the famous director of Ringling Bros., Barnum, and Bailey Band, will appear as guest conductor for the event. Solos and ensembles will be played at Cedarburg, March 22. The 3rd of May, the band, orchestra, and chorus will present the annual Music Festival Concert. Madison will be the scene of this year's State Music Contest on May 10. Senior band officers, chosen for this year, are as follows: captain, David Kiepert; 1st lieutenant, Wayne Schwartz; 2nd lieutenant, Kenneth Jahnke; secretary, Carol Peterson; treasurer, Susan Kehl; majorette captain, Lynnette Fredrick; chief librarian, Carol Peterson; assistant librarian, Susan Kehl; chief quartermaster, Richard Vehl; assistant quartermaster, Bill Sprenger; assistant quartermistress, Karen Schuenke; drum major, Tom Friewald; band manager, Richard Vehl; assistant manager, John Splinter; concertmaster, David Kiepert.

The cadet band of 54 members will present a concert March 10.

Although Christmas is more than two months away, the orchestra has begun to practice tunes for the Yule season in preparation for their first big performance, the Christmas pageant. The orchestra, rapidly increasing its membership, consists of 75 students. April 1, the orchestra and girls' chorus are to be featured in the spring concert. Orchestra members (Continued on page 3)

Charter Thespian Members Initiated

Tuesday, October 1, marked the first initiation of Watertown Thespian members. Those qualified to become charter members were: Carol Peterson, W.H.S. Thespian president; Karen Schuenke, secretary; Liz Derleth, Bonnie Halvorsen, Karen Kusel, Lolita Perrier, Karen Haven, Diana Schuenemann, and Shary Pomeroy.

This small group is part of the National Thespian Society, which has over two hundred thousand members

Newly Elected Senior Class Officers Pose For Pictures

High Faculty Gains Six New Teachers

Six new teachers have been added to the faculty of Watertown High. Following is a bit of information concerning each of them.

Miss Anderson, who teaches home economics, is a graduate of Stout State College. This being her first year teaching, she has developed only one pet peeve—students who talk too much. She enjoys sewing, reading, and the Milwaukee Braves. Miss Anderson feels that, for her first try, she has picked a very good school.

Mr. Chandler, previously from Menomonee Falls, teaches American problems. He attended the University of Wisconsin where he majored in geography and minored in political science. He states he has no pet peeves, and he likes W.H.S. from what he has seen.

Mr. Greathouse, who has elementary art classes as well as three high

school classes, is from Waupun. Singing, tennis and soft-ball are his hobbies. His pet peeve is students who are in school because they have to be. He enjoys Watertown and thinks the students are unusually friendly.

The only new Jr. High faculty member is Miss Pitzner. She previously taught at Whitehall, Viroqua, and is now teaching eighth grade English. Miss Pitzner is also Jr. High librarian. Because this takes up much of her time, few moments are left for special hobbies. Her only pet peeve is students who refer to her as "Hey you!" She feels that the W.H.S. students are better behaved and more mature than the average teenagers.

Seniors taking American problems might have Mr. Jensen, who has been teaching in New Mexico. He also does assistant coaching, which he enjoys very much. Swimming, skiing, dancing and golf top his list of favorite pastimes. Mr. Jensen is a member of the Coast Guard Reserve. His fourth hour study hall is his pet peeve. He likes Watertown High and states the students are quite mature for their age.

Hailing from Bloomer, Wisconsin, is Mr. Buel. Most of the students know him as "coach", but he also teaches general math and elementary phy. ed. He attended the University of Wisconsin and enjoys the state's fishing and hunting areas. He likes working with the football team and feels W.H.S. is a fine school.

WHS Enrollment Soars

This year Watertown High School is popping its seams. The total enrollment for the classes of 1957-1958 is 1,121 students. It is always interesting, girls, to know the ratio.

Senior High			
	Boys	Girls	Total
9th	160	129	289
10th	115	121	236
11th	104	102	206
12th	66	95	161
Junior High			
7th	69	47	116
8th	67	46	113
	136	93	229

This all adds up to 1,121 students all waiting for the new addition to be finished.

Lowell Pritchard Named President

By Susan Mears

Final balloting to determine senior class officers occurred Thursday, September 26. Results were announced to the student body at 3:40 that day.

Lowell Pritchard, president-elect of the senior class, is an outstanding student at W.H.S. Lowell, vice-president of his class during his junior year, has proven himself an able leader. A competent debate and forensics worker, he earned an A rating at State in the 1957 season. President of the FFA and Badger Boys' State representative, Lowell merits this important office.

Senior class vice-president is Mary Ann Nimm, likewise a very active W.H.S. student. Mary is president of the Wisconsin Badgers 4-H and devotes much of her time to this activity. She has participated in the mixed chorus the past two years and as a vocal soloist earned two firsts at the district music contest and two firsts at state. Vice-president of the Dramatic Club, Mary Ann has established a record for qualified leadership.

Elizabeth Derleth is the seniors' choice for secretary. Liz is vice-president of the Student Council and contributes much to the success of this organization. Liz has held important positions in GAA and Girls' Club, thus illustrating her fine qualities as a leader.

Treasurer Judy Port is a well-known senior. An excellent *Scribbler* reporter prior to this year, she now serves the staff as literary editor. President of the Watertown Chapter of the Future Teachers of America, Judy, too, is a true student leader.

This election was done by petition with each nominee presenting a petition bearing no less than twenty-five signatures. Seniors who succeeded in meeting this requirement and thus were nominees for the offices were Bill Sprenger, Anita Eggert, Germaine Blase, Barbara Winkenwerder, Bonnie Halvorsen, and Lolita Perrier.

Student Council Meets

At the first Senior Student Council meeting, which was held Wednesday, Sept. 18, the new president, Louis Kressin, outlined the program for the coming school year. This consists of: Homecoming, Career Day, Eighth Grade Day, Open House, monitoring system, and the sending of delegates to the district convention. At this time, the Student Council is supervising the election of senior class officers.

Edith Niemann was elected secretary of the organization. Charles Harberg was elected Sergeant-at-arms, which means he is responsible for taking roll call and keeping order while the meeting is in progress. Both newly-elected officers took their oaths of office at this meeting.

A formal procedure was used in installing the members of the Student Council. The members were asked to repeat after the president an oath to carry out said principles as stated in the constitution.

The Student Council is working towards an effective year of serving the students of W.H.S. This will be done under the capable guidance of Mr. Leys.

President Carol Reads W. H. S. Thespian Charter to Members

Spotlight

The spotlight has been plugged in for another year's work. This month it's focusing on one of Watertown's busiest students.

School days begin musically for this 5'8" brownette, who is a member of both band and orchestra. One look at the rest of her curriculum, and you'll see how ambitious this Junior is. She's taking English, U. S. History, German I, and Geometry. After 3:40, you'll probably find her at a meeting of one of the several organizations to which she belongs. Her extra-curricular activities include Girls' Club and Dramatic Club. If the weather is right, though, look for her on the golf course. She finds the game a very interesting hobby!

Even the spotlight would be tired after a day like that! The light is fading now, but we'll focus the beam on another outstanding W.H.S. student again next month. Don't miss it!

Yac Yac

Just recently the Yac opened for another season. For those wondering just what the name "Yac" stands for, the letters represent Youth Adult Club.

The hours are from 7 to 10:30 P.M. on Fridays. The Yac is closed when there are school functions such as football games, dances, etc. There are a variety of attractions including a jukebox, shuffleboard, cards, and TV.

Bob Sievert, who is in charge of the Yac this year, and Dave Barry, recreational director, have been considering starting a recreational council. It will consist of a president, vice-president, and sec-treas. The purpose of this will be to provide the students with entertainment throughout the year. Some of the activities considered are: swimming at Wayland, dances, and toboggan and skating parties. Transportation would be provided. After these affairs, if the hour is not too late, students will be welcome to come to the Yac for a snack or dancing.

These ideas are only in the beginning stages, and the recreational director and Bob Sievert would appreciate opinions of Watertown teenagers regarding chances of survival and success.

Also, for everyone's convenience, a reading rack will be set up. It will contain magazines and also each edition of *Hi Scribbler* and the *Orbit*.

Spirit and Cheers

Don't you agree that our cheerleaders and pep band are doing a fine job on our pep meetings? But let's help them carry the ball. Home rooms, classes, and clubs get busy with ideas! How about someone giving a skit, lasting five or ten minutes? The possibilities are unlimited. Contact Miss Spaude before someone else gets ahead of you.

Now that it's agreed that everyone should help, suppose we consider some pep meeting manners. Everyone should realize that our cheerleaders work hard to make our pep meetings a success, and it's only fair that we co-operate with them.

First of all we should have more students in attendance. Do your best to be present at every pep rally.

This year's "A" cheerleaders have been working on many new and original cheers.

At the last pep meeting, it became apparent that a good many of the students are not too familiar with these cheers. For this reason a few of them have been placed in the *Scribbler* in hopes that everyone will learn them.

COME ON BLUE

Come on blue
 Come on white
 Come on team
 (pause)
FIGHT!

COME ON TEAM

Come on team,
 Come on team, fight,
 fight, fight.
 You gotta win, you can
 win, you're gonna win
 tonight.
 So hit 'em high, hit 'em
 low, sock 'em in the chin;
 Pick 'em up, toss 'em out,
 And win, Win, WIN!

In a few weeks the team will be playing its first home game. Here is the new cheer devised by the cheerleaders to welcome the visiting team.

LET'S HAVE A HELLO FOR CEDARBURG

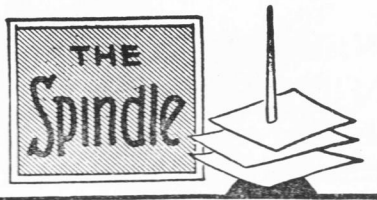

H-e-ll-o
 H-e-ll-o
 H-e-ll-o
 Hello Cedarburg
HI!

From previous performances it is apparent that not all students have enough respect for the school song. Leaving during the singing of it is very discourteous.

Learn the new cheers. All in all, co-operate with the excellent cheerleading squads, and really get out and support the team, cheering them on to victory!

Dictionary Current Expressions

blast, n.—pertaining to a social gathering; big burner (see burner)
 burner, n.—pertaining to a social gathering; a small blast (see blast)
 egg salad, adj.—very good
 "git off my back", adj.—don't bother me
 hamburger, n.—pertaining to a nice block or tackle in football
 joshing, v.—fooling; kidding
 naaathing, n.—opposite of evvvverything; antonym of t'riffic

 schwell, adj.—a sarcastic remark meaning it couldn't be worse
 stab, n.—an unbearable individual
 t'riffic, adj.—wonderful, marvelous

Hi Kids:

Well, here I am again, welcoming everyone, the new as well as the old students, back to Watertown High. I think that most of you will agree with me in saying that it's great to be back!

Start off on the right foot; watch your behavior; buckle down and really study when you study; really play when you play; do the right things at the right time and you'll achieve your goals as well as have a good time.

Our football team has really been working hard the past month or so under the direction of our two new active coaches. The Goslings started out the year with a blast when they defeated the Beavers 6-0. It was good to see all of you there. Keep up the good school spirit and really cheer our team along.

Due to the large enrollment in W.H.S., the study hall is usually filled to capacity and roll call is somewhat of a problem, especially the first couple weeks. Our old friend Nick Schmidt is back again this year. Also, third hour acquired a young man by the name of Harvey Glutt, who was assigned a seat. Harvey was to be in study hall on the following days; Saturdays, Sundays, and holidays. Most of the kids thought that this was pretty funny. Maybe it was, but, seriously the study hall teachers are too busy to be bothered with such nonsense.

I have to leave you now, so till we meet again, have fun, but be good!
 Miss Chatterbox

Gadabout Hi

Have any of the senior girls applied for a job at Clark Super Station in Jefferson. Some of them are pretty good at washing car windows. How about it, Suzie H.?

Strange things are happening! Hoffy has actually been driving on the highway at 30 mph! Reforming, Hoffy?

Why does Mike Podolske get red when you mention Madison? Could it be Karen?

All the senior girls seem to be waiting for letters these days; once in a while even long distance phone calls. Fifteen minutes for a call from San Diego! Fun, Bubbles?

It seems the two new Problems teachers are having problems of their own . . . finding baysitters. Aren't the children like their fathers?

What are all those looks being exchanged at homeroom time between the north and south homerooms in the auditorium? Maybe Karen S. or Chuck N. can tell us.

John W., what exactly were you doing sitting in the garbage can in front of school one day? Just resting?

The \$64,000 Question is: Does marriage interfere with football, Skeeter N.?

Gretchie, what's this we hear about your crying in homeroom?

Certain girls could be seen carrying paddles around a few weeks ago. Did they dislike their teachers that much?

Jim, what are you doing out on country roads these days before school?

What's so special about September 4? Contact Judy and Skeeter for further information.

A few weeks ago, who was the girl going steady with a boy who wasn't going steady with her? Tell us more, Lois.

Girls! What on earth did you think you were doing, taking showers and singing in the girls' shower room at 8 o'clock one morning? My, what harmony!

Vacation Views

Once again school has started and all summer events are just a memory. Here are a few ways in which W.H.S. students and teachers passed the time during vacation:

Vernie Wegner & Co.: Attended a social at a local park.

Rog Rothschild: Went to Coast Guard camp in New Jersey.

Susie Bruss: Extended my foreign relations to many interesting fellows!

Bernie Pierce: Ha! Ha!—nothing.

Jim Markl: Went boating in our fabulous river.

Nelson Twins: Went to Minnesota and visited old friends.

Mr. James: "The only interesting thing that happened to me is that nothing ever happens to me! The world is passing me by."

Phil Strunz: Worked as a surveyor.

Carla Dunlap: Worked at Madison.

Miss MacInnis and Miss Skinner: Attended Chenaqua.

Dick Theder: Went water skiing with Jim David.

Joe Clifford: Became the most terrific water skier in town.

Frank Schmidt: Attended many parties!

Ben Wright: Spent a week at an Indian reservation.

Germaine Blase: Went "party dolling" and had a terrific 17th birthday.

Barb Nesta: Went "party dolling" with Germ.

Judy Hoffstetter: Visited the gang at Erie.

Tom Justmann: Acquired a large bank account.

Miss Shunk and Miss LaTondress: Vacationed in Florida and visited Cuba. (mmm—Cuba).

Mrs. Huck: Toured the west.

Miss VanGordon, Miss Schloemer, Miss Mundt, and Mr. Twesme: Went to summer school.

Qualifying Exams To Be Given To Top Seniors

Once again it is time for high school seniors to begin thinking about scholarships. This year, as in the past, local scholarships given to Watertown seniors will amount to approximately \$3,300.

The largest scholarship given locally is the Joseph E. Davies Award, which is worth \$600 a year for four years at the University of Wisconsin. The University of Wisconsin Alumni Association Scholarship, worth \$100, is also given to a student interested in attending the U.

Each year there are a number of scholarship for girls considering nurses' training. The American Legion gives an award of \$100 a year for three years. A \$100 American Red Cross Nursing Scholarship and a Jefferson County Medical Association Scholarship are also available.

Another local award is the \$250 Busse Pharmaceutical Scholarship. The person receiving this must attend the University of Wisconsin School of Pharmacy.

The PTA Scholarship of \$75 is given to a deserving student who must have attended only public schools.

Another award, consisting of \$100, is presented to an outstanding Watertown High School girl. This is given by the American Association of University Women.

On October 22, the twenty-two top-ranking seniors of W.H.S. will take the Scholarship Qualifying Test, which is given under the National Merit Scholarship Program. Last year over 800 scholarships were given to students throughout the country under this program.

Mask & Wig To Present Wilder's Modern Drama

By Virginia Johansson

OUR TOWN, the intimate, heart-warming story of the people of a small town, will be presented by the dramatics department on October 23 and 24. The annual fall production, by Thornton Wilder, is under the direction of Miss Skinner and will be presented arena style in the gymnasium.

OUR TOWN is a study of growing up and marrying, living and dying in a town so real to the audience that they see it could easily be our own town. Also, the play has become famous for the skillful and imaginative way in which Wilder has treated death.

The story follows through the lives of two young people, Emily Webb and George Gibbs. These two central figures are played by Shary Pomeroy and Dave McMurry. The other main characters include: Art Parson, the stage manager or narrator; Karen Schuenke, Mrs. Webb; John Wright, Mr. Webb; Bonnie Halvorson, Mrs. Giggs; and Dick Vehlows, Mr. Giggs. Others in the cast are Kathy Ferry, Win Winogrand, Brian Eckhardt, Tom Torkelson, Ralph Eckhardt, Pat Jaye, Lolita Perrier, Jinky Johansson, Mary Ann Nimm, Jane Urteck, Sheri Boldig, Don Hartman, Susan Hoppe, Nelson Kading, Bob Snyder, Al Schoenike, Dave Pirkel, Bob Strege, and Roxanne Holtz.

electd the following officers: president, Richard Vehlows; vice president, John Splinter; secretary-treasurer, Gretchen Burzynski; chief librarian, Joanne Eggert; assistant librarian, Barbara Leischer; wardrobe director, Bill Sprenger; wardrobe assistant, Kathy Norman; manager, John Ponath; assistant manager, Robert Schultz; student conductor, Richard Vehlows; concert-mistress, Joanne Eggert.

This year's mixed chorus has 65 members and, as usual, has openings for many more fellows. Join, you guys! The girls' chorus is well rounded with 85 members. Both choruses will appear throughout the year at various musical functions. Election of chorus officers will be held in the near future.

There was only one new teacher added to the Junior High list this year. Her name is Miss Joan Pitzner. She teaches 8th grade English and is the librarian. She is a former resident of La Crosse, and previously taught 12th grade English at Viroqua. Next to eating malts, ice cream cones, pizza pies, Italian spaghetti, and tubs and barrels and pails of BLACK coffee, she likes raising tropical fish, gardening, and collecting "old" money. She can be seen every day driving her flashy red-orange Studebaker called "Flaming Mamie"! She likes Watertown very much, but is utterly fascinated by the twists and turns of Rock River and can't figure how the bridges keep popping up and confusing her.

Junior Historians had their first meeting on Monday, September 23rd. Membership pins were given out to all of the new members. Badger history magazines were distributed to all of those who wanted them, on approval. They may subscribe to it later. Anyone still interested in joining can come to the next meeting on October 7th.

All new 7th graders: BEWARE! Mr. Kehoe is on the prowl again this year looking for those easy detentions. So, watch your English!

Student Council representatives and alternates have been elected in the following homerooms: Mr. Colletti, Mary Eichel and Donald Braasch; Mr. Kehoe, Frank James and Susie Leikness; Mrs. Reinhard, Ricky Parish and Bruce Saniter; Miss Roberts, Nancy Winkelman and Jean Schoechert; Mrs. Hackbarth, Mary Hutson and Mary Jorgenson; Mr. Rabe, Tom Lees and Walter Rabbach; Miss Pitzner, Tom Wright and Dave Shoemaker.

The telephone operators gave the busy signal in Miss Pitzner's 5th hour English class last Tuesday. The reason for this was an interesting demonstration on telephone invitations given by four of the "gals" using their little sister's toy telephones.

Work Progresses On New Addition

By Gretchen Burzynski

According to the contractors, the Watertown High School addition will be completed by April, 1958. Workmen spent the entire summer on the one and a half million dollar project. Only a few more months of labor and the final touches will be added.

Watertown people have had visions of a new high school for a number of years. Plans were begun in 1954. The following year Durrant and Berquist, an architectural firm, was engaged to draw sketches. This year actual work on the addition was begun.

The new building will feature an expansive gymnasium with a seating capacity of 3,000. Basketball fans will no longer have to sit on each others laps! Spacious rooms are to be provided for the chorus. The new building will supply more locker space. Fluorescent lighting will be had in each of the twenty-three new classrooms. The interior walls have been erected and soon will be painted in soft color tones. A cafeteria, snack bar, lobby, and administrative unit are also included in the plans. The *Orbit* and *Hi Scribbler* staffs are pleased to note that rooms will be provided for their journalistic projects.

Included in the total construction plans is the possible rejuvenation of the old high school. If the city votes favorably, the old gym will be adequately equipped to handle all drama-

WHS Clubs Begin Another Active Year

FFA

An organizational meeting of the F.F.A. was held September 16th with the election of officers occurring. The following have been elected for the ensuing year. Re-elected as president was Lowell Pritchard; newly elected vice-president, Norman Melcher; secretary, Wayne Schwartz; treasurer, John Kressin; reporter, Joe Rhodes; *Sentinel* reporter, Howard Mallow, and chaplain, Jim Walter. On September 18th the third year agriculture class went to Horicon for a land judging demonstration.

GIRLS' CLUB

Tuesday, Sept. 24, the Girls' Club began this year's state of events with a business meeting. The new president, elected last spring, is Bonnie Halvorson. Miss Griffith is the advisor. A very interesting program is in store for all Girls' Club members.

At the next meeting a few of the girls will give a panel discussion on religion. A Negro speaker is scheduled for the November meeting. A reading by Mrs. Tiners will be the feature attraction of the Christmas meeting. In January Mr. Tuchsinger will talk on diamonds, which should be an interesting subject to all the girls! Also on the list of events is a quiz program, an artist's lecture, and a discussion with the college girls. The club hopes to visit the Octagon House toward the end of the school year.

As in the past, the Girls' Club will manage a few pep meetings, publish the BUZZ BOOKS, and organize a spring style show.

SERVICE CLUB

The first meeting of the Service Club was held Monday, Sept. 16, at which time the officers were elected. They are as follows: chief, Pat Wandsneider; president, Diane Schoechert; secretary-treasurer, Bev Witte.

The purpose of this club is to serve the people who attend W.H.S. functions. During the course of the year, the girls hand out programs at football games and usher at basketball games, concerts and plays.

In almost every club, the individual is expected to meet certain requirements. The Service Club, too, has its ideals.

1. Be clean and neat in appearance. Don't be a "sloppy Joe".

2. Be dependable and alert at all times.

Above all, be courteous and tactful in every contact with others. Politeness in every contact is expected of each member.

Records of each member are kept on file. These include information regarding the number of times a girl serves, the events at which she has served, her personal appearance, and her efficiency.

Those girls interested in the Service Club may contact Mr. Wills in room 208.

FUTURE NURSES' CLUB

The Future Nurses' Club meets once a month in the reading room of the public library. For those girls who are interested in nursing, this club provides information concerning requirements, costs for nursing school, duties of a nurse, etc.

Also during the course of the year, the F.N.C. visits a well-known hospital in Wisconsin. Last year the group visited a school for retarded children in Jefferson.

tic and music productions. A capacious library will be constructed in the present auditorium. The old library will be made into two classrooms. The architectural plans are now in the process of being drawn.

The new addition and modernized old building would together form the ideal Watertown High School. That building, which once was merely a fabulous dream on the part of Watertown citizens, is on its way to become a reality for W.H.S. students to appreciate and enjoy.

For those who wish to join, the first meeting will be held in the near future. Watch for an announcement relative to the date.

LIBRARIANS' CLUB

Stamping and binding books, keeping the library clean, typing out book cards, and taking care of the two legged problems that seem to turn up every hour are just some of the tasks the librarians carry out during the year.

Wednesday, September 18, the Librarians Club elected the following officers for this 1957-58 school year: Margo Stellbrink, president; Carol Huebel, vice-president; Eileen Raether, secretary-treasurer.

JUNIOR RED CROSS

An organization meeting of the Junior Red Cross was held on Monday, September 23. Miss Ott, club supervisor, outlined the club projects of previous years and stated the goals for the coming year. In the past the Junior Red Cross has sent packages overseas and has served in many capacities. They plan to carry on with these projects and endeavor to increase their field of service. Anyone wishing to join the club is invited to attend the next meeting.

Mask & Wig Reorganized

The Mask and Wig Club has taken another step forward. This year, freshmen through seniors have joined to form one functioning unit. This mass organization will lead to more and better dramatic productions. The members will have a greater chance to learn and participate in the various phases of dramatic work.

Officers for this joint Dramatic Club were chosen at a meeting held Sept. 17. Liz Derleth was selected president for the coming year. Liz has been an enthusiastic member of the Mask and Wig for the past three years. As a sophomore, she presided over their class drama club. Liz has done much committee work, particularly for the Christmas pageants. Vice president is Mary Ann Nimm. Pat Jaye will hold the office of secretary, and selected treasurer is Gretchen Burzynski.

The club has planned a major fall and spring production plus three one-act plays. They will again sponsor the Christmas pageant.

SUPPORT DRAMATICS

Attend the Mask & Wig Club's production of Wilder's "Our Town", to be given in the H. S. gym on

OCTOBER 23 & 24

Editors Begin Orbit

Work on the *Orbit* has once more begun. The seniors, under the direction of Miss MacInnis, are busily preparing for an outstanding edition. Janet Minar, Marie Dollase, Susan Justman, and Mary Mullen have been selected as co-editors. Margo Stellbrink and JaAnn Ohrmundt will act as editors of the senior section. In charge of the various organizations are Judy Port and Suzanne Hoppe. Germaine Blaes and Linda Dierker are working on the individual classes. The sport section is headed by Nana Stockli and Barbara Nesta.

Judy Hoffstetter is in charge of this year's calendar. Artist will be Karen Kusel. Directing the literary section is Nancy Peterson. As of yet, the typists and under-classmen helping on the *Orbit* have not been selected.

Kicking It Around

By Loui

After you're through reading this column (if you read it) don't pass judgment too quickly; we hope to improve with proper seasoning.

Girls shall please take notice! Since last year's distinguished sports editor somewhat shirked the ladies' athletic department, this year's sports staff shall try to regain some of the outraged feminine readers we might have previously lost.

The floor is open to suggestions for a new title for this column. Just hand your suggestion to me when you see me in the hall. Now think! Get the old medulla functioning!

Regarding football, defense seems to be the mainstay once again this year, although first game statistics can't be taken too seriously. Timing, ballhandling, and teamwork aren't usually letterperfect until more games have been played. Ken Schwantes, Frank Schmidt, Dave Pirkel, and Don Krueger played a tremendous defensive game against the Beavers.

Goslings Jayvees footballers must think they're pros or something. No more of those big scores or the A-squadders will die of sheer envy. All kidding aside, keep up the good work.

Either Ray Yelk will have to buy a bigger bus or Mr. Landsverk will have to cut some of those monstrous freshmen. This year's freshmen squad must set some sort of an attendance record or my name is mud.

A favorite saying floating about school is, "When in wonder, when in doubt, run in circles, scream, and shout!" Certain reports have it that one of our new American Problems teachers has instituted this mirth provoking proverb.

The inspired Menomonee Falls team, which handed the Goslings a stunning tie, has certainly improved over last year's squad. Goslings offensive drives went nowhere in particular as the alert, hard charging Indian line was continually harassing Jim Markl and our backs. Lack of team support wasn't responsible for the tie; droves of fans turned out to fill the meager seating accommodations at Menomonee.

This sports editor is in dire need of a capable sophomore or junior reporter to propagate the sports page next year. My two sidekicks this year are seniors and feel they owe it to their parents to graduate in June. Report to Miss Shunk if you are interested in writing.

GO OUT AND CHEER THE
BOYS ON!

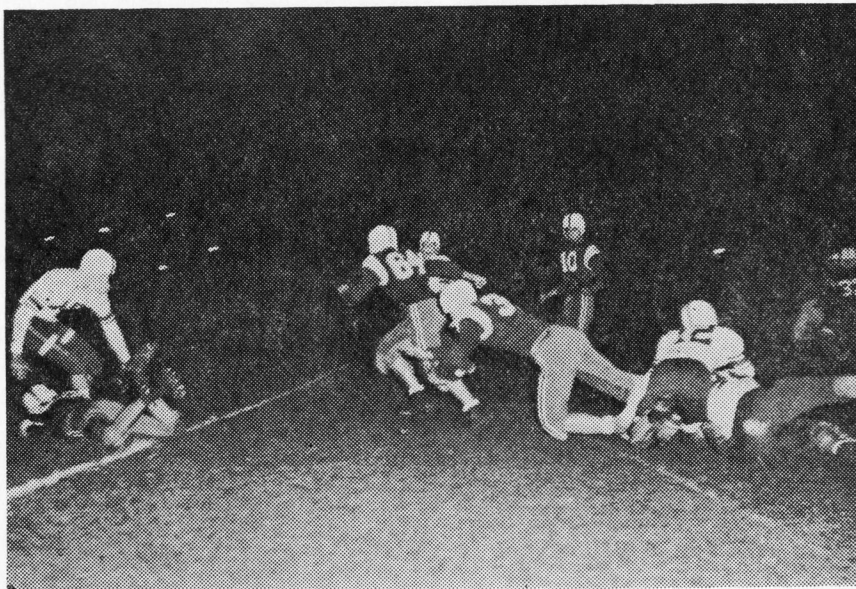

Girls Third In Loop

This summer a group of Watertown girls played on the Firestone Girls Softball Team. This team participated in a league against other teams from surrounding towns.

Juanita Higgins managed the team. Other players were: Gretchen Buske, Jerri Edwards, Bonnie Halvorson, Deloris Higgins, Muriel Higgins, Karen Nelson, Sharon Nelson, Darcilla Rickermann, Joyce Schnitger, Betty Schoechert, and Joan Wagner.

Jefferson placed first in the league, Waterloo second, and Firestone third with a record of eight wins and six defeats. Firestone also placed third in a tournament held at Waterloo.

Goslings Tie, Win 2 in 3 Starts

Gosling Halfback Dives for Gain Against Menomonee Falls

Buel, Jensen Are Named Gosling Grid Coaches

With the outset of the season, Watertown fans have their first chance to familiarize themselves with their new coaches.

Head member of the squad is Mr. Robert Buel, a newcomer to Watertown. Mr. Buel attended school in Erie, Pa., 1941 through 1942 saw him attend Wisconsin, serving the football squad in the capacity of an end. He also played service ball. Pro football Coach Buel's time in 1946 with Chicago as an end. Mr. Buel comes to W.H.S. from Bloomer, where he has recently served a 4 year stint. Math and elementary phy. ed. are his subjects.

Assisting Mr. Buel is Mr. Jensen, a new American problems teacher. Mr. Jensen received 7 letters at Bay View High School in football, swimming, and track. After receiving a scholarship to Marquette, he played football until a factory injury forced him to quit. Transferring to La Crosse, Mr. Jensen played 2 years of football at center and defensive halfback positions. After a year of semi-pro ball with the Bay View Dons, he entered the Coast Guard to become an athletic officer. Mr. Jensen has coached in Gallup, New Mexico, where several boys under his tutorship made All-State.

JVs Trounce Beaver Dam

The Watertown JVs got off to a prodigious start in their first game against Beaver Dam. Under the able guidance of coach Pete Colletti, the squad romped to an easy 34-0 victory.

Skeeter Neuman and Dick Seeber were the big guns on offense. Neuman scampered for two TD's, one good for 70 yards and the other 60. Dick Seeber's alertness on defense counted for two more tallies as he intercepted two passes and ran them both back for TD's. Dick Schumann quarterbacked the team and scored once himself on a quarterback sneak. Bob Kreuziger plunged for three of the extra points.

Ruesch's Win In League

After asking around to see what the boys had done this past summer, the reporter concluded that most of them had played in the high school softball league. The victor in the Junior Fastpitch League this past summer was Ruesch's. After compiling an 8-3 record, they won the championship in a three-team playoff with Hotmar's and Krier's, beating each team once. The other teams in the league were 7-Up, Clyman, and De Molay.

BEAVER DAM

Nine in a row was the cry in the clubhouse after the Gosling's 6-0 victory over Beaver Dam for its first victory of the new season and ninth straight win.

The flip of the coin was won by the Goslings and they chose to receive. Co-Captain Don Krueger made a fine carry in the opening series of plays to gain a first down, only to have holding nullify the yardage thus causing Watertown to punt.

Beaver Dam looked strong briefly before Watertown got its bearings as it rolled up two first downs. Ken Schwantes and Jim Markl, who both played a fine game, then threw Beaver quarterback, Marv Patrick, for losses. Ken Schwantes stopped the drive cold by recovering a Beaver fumble on the Gosling 20.

Second quarter plays opened with Watertown in possession. With John Kressin at the reins, Watertown pushed from their own 40 to the Beaver 30 where Jim Markl took over the helm.

Markl's initial pass to Dave Pirkel was incomplete, but interference was ruled on Beaver Dam, giving the Goslings first and ten on the 16. A series of carries, with Krueger adding the final six yards, gave Watertown the touchdown. The extra point run was futile.

Stout Gosling defense preserved the victory as a second half Beaver march ended with an interception by John Wright on a fourth down and goal to go situation.

One Watertown TD was called back when the Goslings were guilty of clipping after John Wright had scored on an interception.

Don Krueger was the Gosling mainstay on defense and offense. Frank Schmitt, Ken Schwantes, and the entire team were really out to win and deserve much credit for a fine job.

GAA Begins Year

The first meeting of the Girls' Athletic Association was held on Monday, September 3. This started initiation for new members and for those who had not previously been initiated. These members must have in their possession at all times, a wooden paddle, a pack of gum, and the pledge rules. These articles are checked by board members.

This year's G.A.A. board consists of president, Betty Schoechert; vice-president, Bonnie Halvorsen; and secretary-treasurer, Joyce Schnitger. Those in charge of specific sports are Cam Olson, volley-ball; Jennie Block, basketball; Edith Niemann, recreational sports; Karen and Sharon Nelson, tumbling; Phyllis Hertel, softball; and Jane Rogers, tennis.

Watertown Rips Nicolet For Conference Win, 20-6

The Watertown Goslings looked like a different team the second half and came back to trounce Nicolet, 20-6, after being held scoreless the first half. The rally was lead by superb line blocking and backfield running. The injured Don Krueger, co-captain Ken Jahnke, and the fullback, John Wright, each scored once. The line, consisting of Dave Pirkel, Pete Westermeyer, Joe Clifford, Gene Tesch, Co-Captain Frank Schmitt, Ken Schwantes, and Ralph Krueger opened up large holes consistently in the second half, after readjusting to Nicolet's shifting defenses.

The first Td. was set up by strong running and by the fine play-calling of Jim Markl, who alternates with starting quarterback, John Kressin. Kressin had replaced Markl when Krueger cracked over his own left tackle for the first touchdown. The extra point was good, giving Watertown a 7-6 edge midway through the third period. Near the end of the third period, Ken Jahnke took a pitch out and scored from six yards out. The last td. was set up by the blocking of a Nicolet punt by defensive tackle Westermeyer and recovery by Dick Theder. John Kressin, who had an early touchdown called back because of a backfield in motion penalty, sneaked for two. Wright then scored off a counter play from the seven.

The important factor of the game was the revival of team spirit which had been missing during the whole Menomonee Falls game. The victory was really a team effort.

MENOMONEE FALLS

A highly inspired Menomonee Falls eleven thoroughly stunned a somewhat confident Watertown aggregation by handing the Goslings a 12-12 tie in the second game of the season.

"Fumble-itis" continued to plague the Watertown backs. One fumble literally handed the Indians the tie on a silver platter. The Goslings, however, overcame some of the penalties they were assessed against Beaver Dam.

Neither team could generate a sustained drive until the Goslings marched to the two yard line of the Falls. There a fumble caused the Goslings to lose the ball. The Indians couldn't stand prosperity, however, and lost the ball to Watertown on another fumble. Don Krueger took the ball on a shaky pitchout and went 16 yards for the score. The Goslings tried to run the extra point across, but failed.

With quarterback Don Schutte directing, the Indians moved down and finally scored on a 4 yard pass. Their extra point was in vain.

The fatal fumble came as Watertown was starting to drive. The hard charging center of the line of the Indians scooped up a loose ball and ran unhindered to the goal. Gosling hopes were raised when the extra point try failed.

A masterful piece of open field running was displayed by Don Krueger to set up the potential tying touchdown. Don took the kickoff on the 20, raced down the sidelines, reversed fields when momentarily halted, and was finally stopped after a 48 yard runback. Big Ken Jahnke carried the pigskin over on the third play from scrimmage. With tension mounting, the Goslings couldn't crack the Indian defensive wall for the point, thus making the final score 12-12.

Ends—Pirkel, Theder, Summers.
Tackles—Schwantes, Westermeyer.
Guards—Schmitt, Zoelle, Thiede.
Centers—Clifford, Tesch.
Quarterbacks—Kressin, Markl.
Backs—Podolske, Wright, Krueger, Jahnke, Neumann.
